

Yo Art! Architect Landscape Design
Proposed Outline

This course allows the students 5th to 6th grades to create their own school landscape while learning how to scale models, (math concepts) , conceptual and spatial thinking , practical problem solving i.e. (Durable material and safety issues etc.), and creative playful rendering of design using recyclable material.

Introduction to Group

YO ART introduce themselves. Students to introduce themselves and have a question for us to answer.

Does anyone know what a Landscape Architect Urban Planner Does?

Give Example of what we did at their school

Tell them what to expect over the 10 weeks.

Props: Model, Renderings, Memminger / school Drawings etc...

YOART/School Supplies: Name Tags, Student Questions

Site Tour and Drawing

Show Arial Views and Site Drawings

Children to walk perimeter and return to draw from memory

Supplies Needed From School/YO ART: Markers, Masking Tape

Supplies for DW to Bring: Site Drawings with Just the building layout, Arial and Site renderings/examples

Scale- Overview with examples Trace Bodies

Easy examples –Legos and a Doll; Basketballs and toy balls etc... Then have them trace each other on large white paper and cut out.

Supplies Needed From School/YO ART: Large Rolls of Butcher Paper, Pencils, Scissors

Review scale and have them Draw Scaled down version of self to be laminated and displayed on model. Compare to originals

Supplies From School/YO ART: markers (skin color), scissors and will need to laminate

Supplies from DW: Scaled down sheets of paper (that will need to be laminated at school)

Color Base: Class Divided into pairs

Have them color in based on our outline and legend

Supplies from DW: Foam Board cut into proper size with Site Plan attached and Legend

School/YO Art Supplies: Markers, Colored Pencils, Crayons

Construct Building

Students to pick various recycled materials to fill in the building footprint and make the 3d structure the correct height to scale.

Supplies from DW: Whatever recycled materials we have and glue or putty (hot glue guns and exacto knife to be used by adults only)

School/Yo Art Supplies: Recycled Materials, Scissors, Putty Exacto Knife (to be used by adults)

Building Continuation/Begin Landscape

Children to collect recycled outdoor materials from around school and create wire trees.

YOART or School Supplies: Wires, Pipecleaners, glue, spray adhesive, Sandpaper

Any recycled model supplies from office.

Building/Landscape Continuation

Finish Model

End of Class Party/Presentation
